

**Subject: Thank-You-letter to the artists**

Date: Friday 24th of April 2009

With this letter we will on behalf of the IBIS and The Whole World at School campaign thank you so much for your professional conduct and performance in connection with our open-air event "Politician for a Day" at Christiansborg Castle Square on the 22nd of April.

We will also thank you for donating your work to the cause. It has played a crucial role enabling us to make the event come to life, since we - as a developing countries organisation - have very small funds for campaigns in Denmark.

IBIS is very excited that 400 pupils and the Secretary of State for Developing Countries Ulla Toernaes and not least Prime Minister Lars Loekke Rasmussen attended the event, and by it we were able to highlight the responsibility of our government leaders of the 75 million children who do not attend school.

We are also very pleased and proud that you helped us to make the arrangement a funny and eventful day for the students.

Finally, we can tell you that we have written a formal thank you to you at our website [www.ibis.dk/verdeniskole](http://www.ibis.dk/verdeniskole)

We wish you a good weekend and hope we can address ourselves to you at the same time next year when we once again highlight the world's children and their right to an education.

Yours, Sincerely

Helle Gudmandsen  
*Campaign director*

Hasse Wael  
*Campaign assistant*
