Concerning Gimo Mendes

On the initiative of the 4 Nordic Academies in Helsinki, Malmö, Oslo and Copenhagen, Gimo Mendes has been employed as consultant for the GLOMUS network. Gimo Mendes has been a very valuable coordinator for the GLOMUS network's first Camp in Mozambique in August 2009.

His contacts and experience has been of great value for us and he was an important factor in securing the success of the Camp.

The Glomus camp and the connected concerts in Ilha de Mozambique and Maputo was a big success and the best possible start for the future cooperation. Gimo also secured the participation of Marcelino dos Santos as the protector of the Glomus camp.

The very best regards
